

BOARD MEETING November 2, 2014

Next Regular Board Meeting will be held December 1, 2014

Ryan reported that the material for Sound Proofing the Range doors did not meet a required minimum order, and therefore was never filled. Also, the club was never informed about any requirement from the company.

There was a discussion held on having a contractor erect a sound proofing wall from the floor to above the ceiling in the Club room. Finding a contractor will be looked into to obtain an estimate.

On November 5th., the club will have a member put on a one night class for new shooters. This would be called a First Step Class.

Dan McAdams will possibly be putting on a one night program for his clients toward the end of November.

Rockford Sportsmen Club is looking for seven or eight weeks of Range Time, possibly on Wednesday Nights. Further discussion will be held at the December Board Meeting.

There was a very general discussion held on Club finances and ideas for raising revenue. We are holding our own financially at this time. In the future we may have to implement some programs to raise funds because only one Plate Shoot is scheduled and no regular CCW classes have been scheduled.
